

July 26, 2021

President Joseph R. Biden
The White House
1600 Pennsylvania Avenue NW
Washington, D.C. 20500

Senate Majority Leader Charles Schumer
U.S. Senate
322 Hart Senate Office Building
Washington, D.C. 20510

Dear President Biden and Leader Schumer:

As Catholic Women Religious, we see and affirm the dignity of every person. Knowing that all people are made in the image and likeness of God, we cannot tolerate policies or practices that suppress voters' ability to participate fully in our democracy, especially Black, Brown, and Native American voters here in the United States.

Every voice — and every vote — is sacred. The Senate's recent failure to pass S.1, the For the People Act, rejects this holy truth.

Our democracy is in crisis. In 2020, as a result of the organizing of Black, Latinx, Native American, and AAPI women across the country, voters made their voices heard in record numbers, despite the COVID-19 pandemic and partisan obstacles to accessing the ballot. Immediately after the election, Republican state legislators around the country began writing and passing new laws to suppress the vote.

When Congress certified the results of our free and fair election on January 6, 2021, insurrectionists mounted a violent attack on our democracy, driven by a dangerous, racist lie about the integrity of the election. Since then, Senate Minority Leader Mitch McConnell and other members of Congress have only increased their opposition to the For the People Act, culminating in a failed 50-50 vote on reaching cloture and even holding a vote on S.1 on the Senate floor.

The For the People Act affirmatively protects the vote from attacks and from those who seek to suppress it. Not only did John Lewis write the elections and voting provisions of the For the People Act, but many of the provisions were modeled upon best practices from bipartisan laws passed in states. This legislation is popular among voters across the country and, most importantly, it is sorely needed.

Minority opposition to the For the People Act must not keep Congress from passing critical democracy reform any longer. Senate rules like the filibuster cannot be allowed to indefinitely prevent the passage of critical freedom to vote legislation that will protect our democracy. We Catholic Sisters, along with people of good will across the country, call on the Senate to bypass the filibuster and pass this legislation.

Pope Francis wrote in his encyclical *Fratelli Tutti*, "What do certain words like democracy, freedom, justice or unity really mean? They have been bent and shaped to serve as tools for domination." It is up to us to make these concepts real. Similarly, the idea of "bipartisanship" cannot be twisted to obstruct reforms to save our very democracy. Despite the obstacles we face, We the People must keep striving to create the multi-racial, representative democracy enshrined in our Constitution. **We call on all Senators to fulfil your oath to defend the Constitution, serve your constituents, and protect our democracy by passing S.1, the For the People Act.**

Sincerely,

The 3,685 Catholic Sisters listed below.
