The Honorable Jack Reed  
Ranking Member, Transportation,

The Honorable Mario Diaz-Balart  
Chairman, Transportation, Housing,  
and Urban Development

The Honorable David Price  
Ranking Member, Transportation,  
Housing, and Urban Development

Dear Chairwoman Collins and Chairman Diaz-Balart, and Ranking Members Reed and Price,

We, the undersigned more than 1,730 faith leaders representing Christian, Jewish, Muslim, Sikh, Buddhist, and other faith traditions and denominations across the country, write to express our strong assertion that access to affordable housing is a right. **We are writing to ask for full funding of the Housing Choice Voucher program at \$20.55 billion dollars, and to preserve funding for the housing programs that support affordable housing, such as the Community Development Block Grants (CDBG) and the HOME program.**

Our faith teaches us that quality, affordable housing is essential for the well-being of a person and family. When Pope Francis came to the United States in 2015, he said “We can find no social or moral justification, no justification whatsoever, for lack of housing.” Throughout the country, however, we have seen that a lack of affordable housing has led to families being pushed out of their homes and neighborhoods, and into the streets.

The Center on Budget and Policy Priorities estimates that 5.3 million people currently receive housing vouchers.<sup>1</sup> These vouchers help to provide a safe, stable environment for people living in poverty. Children in families that receive housing vouchers are more likely to go to college and less likely to become single parents than children in low-income families that do not receive vouchers.<sup>1</sup> However, even with current levels of funding, nearly 3 in 4 people on the housing waitlist who are eligible for a housing voucher do not receive one.<sup>1</sup> If the housing voucher program is not fully funded in the current bill, approximately 110,000 voucher holders are at risk of not having their housing voucher renewed.<sup>1</sup>

In the face of rapidly rising rent costs, housing vouchers remain a way for low-income people to afford housing. Other programs, such as Community Development Block Grants and the HOME program, help to provide full-spectrum housing assistance for people suffering from homelessness and people living on the margins. Full funding for housing programs such as the Housing Voucher Program, CDBG, and the HOME Program, ensure that every person has the chance to have the stable foundation to build a life on.

As people of faith, we believe that all people have a right to live in safe and affordable communities so they are able to thrive and focus on family life. Please honor our request to fund the Housing Choice Voucher Program, Community Development Block Grants, the HOME Program, and other programs that provide housing security to individuals and families who need it most.

Sincerely,

Sister Simone Campbell, SSS  
Executive Director, NETWORK Lobby for Catholic Social Justice
