

September 4, 2018

United States Senators
Capitol Building
Washington, DC 20510

Dear Senator,

We, the undersigned 1,550 Catholic Faith Leaders write today because we believe the impending confirmation hearing for Judge Brett Kavanaugh to the Supreme Court calls for serious consideration. **You have a responsibility to evaluate his previous decisions, examine his concern for the common good, and ultimately determine whether or not Judge Kavanaugh respects *stare decisis* and precedent.**

A lack of respect for *stare decisis* could add further chaos to our nation and tear apart the sense of the common good. As Catholics, we believe that any government official – including a Supreme Court Justice – must be concerned with the needs of people who are marginalized, not just the rich and powerful or a member of one’s own political party. As you consider how you will vote on the question of confirmation, we ask you to consider Judge Kavanaugh’s stance on these principles as demonstrated on his prior decisions and statements on issues such as healthcare, immigration, labor, the death penalty, and voting rights.

Healthcare: As Catholics, we know that healthcare is a right. The Affordable Care Act was an important effort to meet this right for all. The ACA has already faced multiple trials in front of the Supreme Court. It is not clear whether Judge Kavanaugh believes that healthcare is a right, even for the most vulnerable in our nation. His history of undermining the Affordable Care Act – attacking the individual mandate and access to healthcare for women – indicates his disagreement with this basic principle. Will Judge Kavanaugh support the common good and defend against attacks on the health of the most vulnerable?

Immigration: Our faith teaches that we must welcome the stranger and love our neighbor. We believe that any Supreme Court nominee must recognize that ours is a nation of many immigrants, rather than impose harsh policies that seek to villainize immigrants. We are concerned that Judge Kavanaugh’s previous decisions indicate he will not treat the immigrant community with the respect our faith and our nation teach they deserve. Will Judge Kavanaugh uphold the dignity of all people and respect international human rights law?

Labor Rights: Catholic Social Teaching upholds the dignity of work and the right of workers to organize collectively. However, Judge Kavanaugh has a record of not treating workers with the dignity and respect they deserve. In one ruling, he held that employers could force their employees to waive their right to picket. How does Judge Kavanaugh balance the rights of workers with the rights of employers to achieve the common good?

Voting Rights and Discrimination: As Catholics, we believe that every citizen has a responsibility and a right to take part in the political process. Over the past several years, the Supreme Court has been at the forefront of some of our biggest challenges to voting rights and voter participation. Judge Kavanaugh’s record indicates he appears to choose to disenfranchise voters rather than include people in our

democracy. In one opinion, he upheld a discriminatory practice of requiring voters to show their photo ID at the poll booth, effectively preventing already vulnerable people from voting. Will Judge Kavanaugh uphold our faith and democratic principles of civic engagement, especially for marginalized communities

Death Penalty: Just this month, Pope Francis clarified church teaching that the death penalty is wrong in all cases. Capital punishment is an affront to human dignity. Judge Kavanaugh's record on capital punishment is unclear. What is Judge Kavanaugh's position on capital punishment, and is it consistent with the common good?

On crucial issues such as healthcare, immigration, labor rights, voting rights, and the death penalty, we know that our faith teaching and our Constitution intersect. As Catholics, we share a faith tradition with Judge Kavanaugh. As people of the United States, we know that in our diverse society, where we meet is in the Constitution.

In the confirmation process, we urge you to evaluate whether Judge Brett Kavanaugh would work for the common good. This common good protects the rights of all people, especially the most marginalized.

By prioritizing these issues as you make your deliberations, we believe you can ensure that the religious consciences of all people are honored and protected, rather than preferencing the beliefs of the few.

We are praying for you during this deliberative time.

Sincerely,

Dr. Suzanne Strisik
