

October 21, 2021

The Honorable Chuck Schumer
U.S. Senate Leader
322 Hart Senate Office Building
Washington, DC 20510

The Honorable Mitch McConnell
U.S. Minority Leader
317 Russell Senate Office Building
Washington, DC 20510

Dear Majority Leader Schumer and Minority Leader McConnell:

I write today on behalf of NETWORK Lobby for Catholic Social Justice to call for the elimination of the Senate filibuster. NETWORK is a national Catholic lobby that educates, organizes, and advocates for economic and social justice.

After years of obstruction that have left the Senate unable to pass legislation that protects the vulnerable and responds to the needs of our people, the Catholic Sisters and activists of NETWORK believe now is the time to eliminate the filibuster. This Jim Crow-era relic has blocked democracy reform, civil rights protections, and health care expansion for far too long. It is the duty of all legislators to end systemic racism; antiquated Jim Crow-era traditions steeped in a racist past must not stop progress any longer.

The filibuster's racist past is clear. In the second half of the 19th century, white Southern Senators used the filibuster to kill Reconstruction and the earliest civil rights bills, maintaining the existing racial hierarchy. In the early 20th century, Senators used it again to block anti-lynching bills, sanctioning racial violence and terror against Black Americans. And in the Civil Rights era, Senators again employed the filibuster to prevent the passage of desegregation and voting rights legislation for years.

In the last decade, use of the filibuster has exploded to stop common good legislation, regardless of a bill's support from voters. Today, the filibuster can be used to uphold white supremacy and block civil rights legislation, like the George Floyd Justice in Policing Act or the John Lewis Voting Rights Advancement Act. At the same time, the filibuster was further politicized in the 116th Congress as Senate Republican leadership waived filibuster rules for judicial nominations and budget decisions to achieve political goals.

The Senate has an important opportunity to end this racist legacy. The Freedom to Vote Act is legislation that will end voter disenfranchisement and bolster our electoral system. Yet, Senators are following the example of Jim Crow-era obstructionists and using the filibuster to block this needed voting rights legislation. The filibuster is not protecting voters in the minority party; it protects politicians set on preserving the status quo. We cannot allow an arbitrary Senate rule, particularly one that is not grounded in Constitution, to block popular, needed legislation.

Catholic Sisters and advocates do not accept antiquated traditions steeped in a racist past to prevent progress. NETWORK's Catholic activists across the country are organizing and taking action to support the end of this arcane procedure to ensure critical bills like the Freedom to Vote Act are passed.

Sincerely,

Mary J. Novak
Executive Director, NETWORK Lobby for Catholic Social Justice

And the 2,635 NETWORK members below.
