

The Deep Need for REPAIR

Faith leaders pray at a sunrise vigil organized by Baptist Joint Committee for Religious Liberty (BJC) and Faithful America on January 6, 2023

2022 was a year of great progress – and deep frustration – on Capitol Hill. Working with the Biden administration, Congress was able to take incremental steps to address some of the most pressing problems facing our country, but the work that remains to build anew is significant. A crowning achievement of the 117th Congress was the August passage of the Inflation Reduction Act with priorities including reversing “trickle down” tax policy, cutting the cost of drug prices for seniors, requiring drug companies to negotiate prices for Medicare, and increasing healthcare subsidies for working people. The Inflation Reduction Act also provides significant investment into domestic energy production while promoting clean energy.

In the House, the bipartisan January 6th Select Committee uncovered important details about former President Trump’s attempt to overthrow the results of the 2020 election that drive home the urgent need to protect our democracy. In the Senate, Justice Ketanji Brown Jackson’s wealth of legal experience and diverse lived experiences made her confirmation to the Supreme Court a significant achievement that brings us closer to achieving a more representative, inclusive, and just democracy.

However, the 117th Congress’ failures to pass the Freedom to Vote: John Lewis Act, bring H.R.40 to a floor vote, and protect the international human right to seek asylum show the work that still remains for justice-seekers. Our work will continue on these and other priorities.

SENATE VOTES

1 Freedom to Vote: John R. Lewis Act (H.R. 5746) — Vote #9

NETWORK urged all Senators to vote yes on this important procedural vote to advance the Freedom to Vote: John R. Lewis Act to a Senate floor vote. Because of the Senate filibuster, 60 votes were required in order to proceed to a floor vote and pass this important pro-democracy legislation.

Closure motion rejected 49-51, January 19, 2022

4 Inflation Reduction Act (H.R.5376) — Vote #325

This legislation was originally introduced in 2021 as the Build Back Better Act, President Biden's signature policy proposal, which NETWORK supported. After being revised and renamed, the legislation still included significant expansions of climate change investments, provisions to make health care more affordable, and changes in taxation to ensure corporations pay their fair share of taxes.

Passed 51-50 with Vice President Harris casting the tie-breaking vote, August 7, 2022; Signed into law August 16, 2022

2 Confirmation of Justice Ketanji Brown Jackson (PN1783) — Vote #134

NETWORK supported confirming Judge Ketanji Brown Jackson to be an Associate Justice of the U.S. Supreme Court. Justice Jackson's extensive legal and judicial experience, as well as her proven character and integrity, all made her an exceptionally qualified nominee to our country's highest court and the addition of Justice Jackson's varied, lived experiences to the Supreme Court will serve to improve decision-making on the bench.

Confirmed 53-47, April 7, 2022

5 Respect for Marriage Act (S.8404) — Vote #362

Recognizing the dignity and importance of family, NETWORK encouraged Congress to pass the Respect for Marriage Act. By repealing the Defense of Marriage Act, requiring the federal government to recognize valid marriages, and guaranteeing the federal rights, benefits, and obligations of marriage, regardless of sexual orientation or race, this bill prevents discrimination and promotes stability and safety for families.

Passed 61-36, November 29, 2022; Signed into law December 13, 2022

3 Supreme Court Security Funding Act (H.R.4346) — Vote #271

NETWORK supported this legislation, which includes provisions to increase science and technology jobs in the U.S., with a focus on training and employment in communities of color, and provides supplemental funding for security to protect the Supreme Court and its justices and staff from threats. The law also improves flexibility for individuals with caregiving responsibilities working in the sciences, to promote gender and racial equity in STEM and ensure people have the time they need to care for their loved ones.

Passed 64-33, July 27, 2022; Signed into law August 9, 2022

Additional Efforts to Shape Legislation

NETWORK also worked tirelessly on shaping legislation before it went up for a vote. This included lobbying for the inclusion of NETWORK's priorities in must-pass bills, as well as the defensive work of keeping bad provisions out of bills.

For example, NETWORK advocates across the country mobilized for months to contact their members of Congress, write Letters to the Editor, and attend rallies supporting the inclusion of key policy priorities in this \$1.7 trillion FY2023 omnibus spending package. NETWORK praised

the final package for making key investments in healthcare, housing, and criminal legal system reforms, but voiced disappointment at the omission of the Child Tax Credit expansion, the EQUAL Act, substantive voting rights legislation, and a pathway to citizenship for Dreamers and other long-term undocumented immigrants.

NETWORK also offered opposition to provisions of bills that would substantially hurt vulnerable communities if they moved forward. This was achieved by working in concert with trusted

coalition partners in scheduling meetings with Congressional staff and stakeholders; hosting virtual webinars and public vigils; and educating and praying with our field for positive outcomes.

This helped to defeat the codification of Title 42 into law, which would have locked the provision into law and stopped our ability to end this unjust rule without new legislation.

NETWORK also worked to block corporate tax breaks from being included in the CHIPS Act and the omnibus package.

HOUSE VOTES

1 Freedom to Vote: John R. Lewis Act (H.R.5746) — Vote #9

NETWORK strongly supported this effort to pass important provisions of both the For the People Act and the Voting Rights Advancement Act together. The legislation included establishing Election Day as a federal holiday, instituting automatic and same-day registration, expanding voting access with vote-by-mail and early voting, and limiting the ability to remove voters from voter rolls.

Passed 220-203, January 13, 2022

2 Marijuana Opportunity Reinvestment and Expungement (MORE) Act (H.R.3617) — Vote #107

NETWORK supported this bill that seeks to address injustices in our criminal legal system. This legislation would decriminalize cannabis, remove it from the Controlled Substances Act, and enact various criminal and social justice reforms related to cannabis decriminalization, including expunging prior convictions and reinvesting in people and communities adversely impacted by the War on Drugs. *Passed 220-204, April 1, 2022*

3 Collective Bargaining for House Staffers (H.Res.1096) — Vote #144

NETWORK proudly supported the effort to win collective bargaining rights for employees of the House of Representatives, which was included in a package of unrelated House Resolutions (H.Res.1097). House staffers too often experience conditions that fail to honor the dignity of work including low or unequal pay, long hours, poor treatment or harassment, and burnout. *Passed 217-202, May 10, 2022*

4 Restoring Hope for Mental Health and Well-Being Act (H.R.7666) — Vote #286

This bipartisan legislation reauthorizes and improves federal mental and behavioral health programs through FY2027, expands access to prevention, treatment, and recovery services, and invests in our mental health and substance use care system. The bill included the Mainstreaming Addiction Treatment (MAT) Act, to eliminate an outdated bureaucratic requirement keeping people from lifesaving treatment. NETWORK supported these important efforts to address our nation's mental health crisis and opioid and drug overdose epidemic. *Passed 402-20, June 22, 2022*

5 Respect for Marriage Act (H.R.8404) — Vote #373

Recognizing the dignity and importance of family, NETWORK encouraged Congress to pass the Respect for Marriage Act. By repealing the Defense of Marriage Act, requiring the federal government to recognize valid marriages, and guaranteeing the federal rights, benefits, and obligations of marriage, regardless of sexual orientation or race, this bill prevents discrimination and promotes stability and safety for families.

Passed 267-157, July 19, 2022; Signed into law December 13, 2022

6 Supreme Court Security Funding Act (H.R.4346) — Vote #404

NETWORK supported this legislation, which includes provisions to increase science and technology jobs in the U.S., with a focus on training and employment in communities of color, and provides supplemental funding for security to protect the Supreme Court and its justices and staff from threats. The law also improves flexibility for individuals with caregiving responsibilities working in the sciences, to promote gender and racial equity in STEM and ensure people have the time they need to care for their loved ones. *Passed 243-187, July 28, 2022; Signed into law August 9, 2022*

7 Inflation Reduction Act (H.R.5376) — Vote #420

This legislation was originally introduced in 2021 as the Build Back Better Act, President Biden's signature policy proposal, which NETWORK supported. After being revised and renamed, the legislation still included significant expansions of climate change investments, provisions to make health care more affordable, and changes in taxation to ensure corporations pay their fair share of taxes.

Passed 220-207, August 12, 2022; Signed into law August 16, 2022

8 Presidential Election Reform Act (H.R.8873) — Vote #449

In light of the January 6, 2021 attack on our democracy, NETWORK strongly supported this legislation that makes needed updates to the process of casting and counting electoral votes for presidential elections. These include limiting the reasons for extending states' voting time, specifying the role of the presiding officer as purely ministerial, and raising the threshold for objection. These bipartisan proposals serve to safeguard the electoral process and preserve the will of the people.

Passed 229-203, September 21, 2022

In November 2022, NETWORK delivered a letter to the White House calling on President Biden to establish a reparations commission via executive order. The letter was signed by more than 2,000 Catholic Sisters and Associates of Congregations of Women Religious.

Grounded in Gospel values and the Catholic Social Justice tradition, NETWORK transforms our society by shaping federal policies that achieve racial, economic, and social justice; serve the common good; and honor the dignity of all.

NETWORK has been a consistent moral voice in Washington, D.C. for 50 years. Today, NETWORK's national community of justice-seekers advocate for policies that dismantle systemic racism, center equity and reparatory justice, achieve economic justice, and secure our democracy. Founded by Catholic Sisters, NETWORK is committed to centering racial justice and equity at the heart of our political ministry and creating society that promotes justice and the dignity of all.
